ABOUT US

How We Started?

Fotoshow Digital Printing Services is offering great customer services at a competitive prices. We started on the founder's interest on Graphics & Prints and the idea of Gift Giving. With these passions, it eventually ventured on Personalized Gifts on a small-scale. High volume orders and more demands had finally given us the opportunity to officially start small but grow steady in expertise and experience.

Fotoshow was launch and registered last September of 2008. At first, we offer varieties of digital prints and personalization products and services. Then eventually we shifted our main focus on Large Format Printing and Signages. And now, Fotoshow offers only the highest quality, yet inexpensive services in the area of Prints, Signages and Giveaways.

Our close-knit and professional team of administrations, staffs and personnels provide a full customer service that have our customers coming back to us for their needs. Our satisfied clients are our greatest help on our marketing campaign. And their feedbacks are our greatest gifts to better improve our services. As a testament, we are now more than 10 years in service.

We value our clients. And with that in mind we don't just meet customer satisfaction but we also do our best to even exceed it. There is nothing too big or too small for us, for every client is unique and valuable. We exert all efforts and creativity to provide customized services to our clients.
